## STEWARDESS

### Personal Objective

For the past year my partner and I have been looking for a position together, however we have not found what we were ideally looking for. This is why most of my positions have been daywork.

I am now seeking a permanent/seasonal position to branch out as an individual within this industry on board a 50M+ charter or private M/Y as a stewardess, where I can utilize my already gained airline service skills towards the position of Chief Stewardess in the future.

I envision longevity in my role and look forward to the challenges within the industry.
